

LITTLE JOE®

OFFSET PROOFING PRESS

ONE COLOR MODEL "H"

"LITTLE JOE®" Industries presents its models "H" and "HD" Offset Proofing Presses for Ink makers, Pigment Producers and Lithographers.

The one color model "H" is a small, compact proofing press especially designed for color matching in printing ink plants and offset press rooms, affording quick wash-up and change over from color to color.

The two color model "HD" permits making two color prints and checks trapping.

Both machines are manually inked and operated.
